

Therapon Script - Day 1

[] - Brackets indication relevant information that will not visually appear in game text.

Scene	Action	Speaker	Dialogue
1-1	Black screen		
		Narration
		Narration	Where is this?
	Player looks around until they see and electoid egg sitting on the ground beneath them.	???	Hello? Is anyone there?
		???	*gasp*
	A small bugger swims into frame. His name is Blitz.		
		??? [Blitz]	You there! What in the blazes are you doing with that egg?
		??? [Blitz]	Planning on causing it harm, eh?
		Narration	Harm it? You don't even know how it got here.
		Narration	For that matter, how did YOU get here?
		??? [Blitz]	Now no funny business. Hand over the egg and I may just pretend I didn't see anything.
		Narration	You need to make him less wary of you. But how...?
	Prompt for the player to touch the screen pops up. Upon doing so, the bugger is comically slapped in the face, his eyes widening.		
		??? [Blitz]	What in the skrivelling skrumbeldoff? What was that for?
		??? [Blitz]	Have you never been told to behave yourself around stra-
		??? [Blitz]	Wait...what?
	The player looks down.		

	The egg is glowing.		
		??? [Blitz]	It's...resonating with you.
		??? [Blitz]	Wait...could this mean <i>you're</i> the one?
	A monstrous mechanical noise resounds throughout the area.		
			Fungal foot! They've found us.
		??? [Blitz]	Listen closely. I'll give you my trust for the moment, but we must run for now.
		??? [Blitz]	We'll be safe once we arrive at Hydria. Chop chop, fellow!
1-2			
	The player must go to their bathroom to escape the noise and reach Hydria. When there...		
		??? [Blitz]	*pew* By a hair's breadth, we made it.
		??? [Blitz]	Oh, right. I suppose proper introductions are in order.
		Blitz	I am called, Blitz. Faithful steward to Lady Hydrios and protector of electoids!
		Blitz
		Blitz	Hmm? Why the befuddled looked?
		Blitz	W-what do you mean "Who's Lady Hydrios."
		Blitz	She is our illustrious guardian! The protector of all electoids, from egg to adulthood-
		Blitz	*gasp* Egg! Where is the egg?! Did you pick it up?
	Looking around, you see the egg at your feet.		
		Blitz	Thank the Guardians! WE must get it cleaned & reenergized right away!

1-3	Tutorial on washing hands to clean the dirty egg. After the egg is complete and washed, it enters a calm sleeping state.		
		Blitz	Ah. Excellent. Alas, we may breathe easy for a moment. If this egg hadn't been taken care of when it was...
		Blitz	Well no matter. It's safe and sound now.
		Blitz	But you...
		Blitz	I suppose you have some questions, do you not? Well, ask away.
		PC Response	<ol style="list-style-type: none"> 1. Where am I? 2. You said I "resonated" with the egg? 3. What's a "Guardian"? 4. That's all. [Option only appears after asking all the questions.]
	[Response to Option 1]	Blitz	Where? My peculiar friend, you are in our great world of Therapon!
		Blitz	Tiz a world few humans such as yourself have been gifted the ability to see.
		Blitz	Yet you are...special somehow.
	[Response to Option 2]	Blitz	Indeed. Every so often, an electoid egg will perform something we call "resonance".
		Blitz	This is the egg's way of...choosing it's protector, you might say. It's care-taker.
		Blitz	And this egg is...extra special. It's choice to resonate with you is no coincidence.
	[Response to Option 3]	Blitz	Ah. You are referring to Lady Hydrios, yes?
		Blitz	You see, there are many realms in Therapon. Each with their own people & cultures.
		Blitz	Every realm is overseen but a powerful being who keeps it and its people safe. These are the beings we call the Guardians.
		Blitz	But alas, our realm of Hydria has been abandoned for longer than anyone alive can remember.
		Blitz	And our Guardian, Lady Hydrios is...she has been in a deep slumber for some time. As such, she has not been able to protect us.

		Blitz	That is why it falls to us...
		Blitz	...that is why it falls to <i>me</i> to make sure this land at these electoid eggs are kept safe. Until she awakens once more.
	[Response to Option 4]	Blitz	Ah. Very good. In that case, I would like to ask you something.
		Blitz	...would you be willing to assist me in helping build Hydria and grow these eggs?
		Blitz	Marvelous specimen though I may be, I am still but one person. It is far too much to take on alone.
		Blitz	Yet...this egg chose to resonate with you, for some reason. I believe...you may be destined to help us. To help Lady Hydrios.
		Blitz	So...will you help?
		PC Response	<ol style="list-style-type: none"> 1. Ok! I'll help. 2. I don't know...
	[Response to Option 2]	Blitz	Oh! Come one now, friend. Pleaaaaaase?
	Go back to previous responses.		
	[Response to Option 1]	Blitz	Brilliant! You have no idea how much I'm sure we will accomplish great things together, friend!
		Blitz	Well, for now, all we can do for this egg is help it grow.
		Blitz	As for building the city, I have some ideas as to what we can do...
1-4			
	Blitz takes the player to where they will build the water pumps.		
		Blitz	Well, here we are, friend. Here we shall build the greatest kingdom that Therapon has ever known!
		PC Response	<ol style="list-style-type: none"> 1. Looking forward to it, partner! 2. What are those strange orbs?
	[Response to Option 1]	Blitz	As am I!
		Blitz	Now, do you see those oddly shaped orbs?

	[Response to Option 2]	Blitz	Ah. You noticed those?
	[Continue from both options here]		
	Sprite of orbs appear on screen.	Blitz	These are what we call, Genesis Orbs. Or “Genesorbs” for short.
		Blitz	They are the foundation on which you will build all sorts of things for our Kingdom.
		Blitz	But for now, we need to focus on keeping all these eggs healthy. And for that, we’ll need a water pump.
		Blitz	Let’s start with a platform. You always need a strong foundation when building anything, after all!
	Tutorial on building first platform.		
		Blitz	Absolutely smashing!
		Blitz	I believe we are looking at the beginning of an extraordinary kingdom, friend.
		Blitz	At any rate, for now we may rest. It may be some time before the egg is ready to be cleaned again.
		Blitz	I’ll watch over it until then and let you know the moment it’s in need of assistance!
		Blitz	Tally-ho!
1-5			
	PUSH NOTIFICATION:	Blitz	“The Egg needs to be cleaned! Top speed to Hydrios, my friend!”
	When the player arrives...		
		Blitz	Hello there! Ready to begin, friend?
	Scan card. Complete hygiene process.		
		Narration	Something strange about the egg. It looks like it’s starting to wake up!
		Blitz	Good codfish! Is...is it waking already?
		Blitz	This process typically takes several days to complete fully.

		Blitz	Hmm...
		Blitz	Ah well. There shall be time to ponder this situation later.
		Blitz	For now, we must continue to work on our water pump, yes?
	Play repeats building process: Water Orb is built on the fountain.		
1-6			
	PUSH NOTIFICATION:	Blitz	"The Egg needs to be cleaned! Top speed to Hydrios, my friend!"
	When the player arrives...		
		Blitz	Ah, my friend. It looks like our egg fellow is getting a bit hectic. Let's get him rehydrated, eh?
	Scan card. Complete hygiene process.		
		Narration	Something strange about the egg. It looks like the egg is almost ready to hatch!
		Blitz	This is unbelievable. At this rate, I'd say this egg will be hatched by tomorrow, or my name isn't Blitzel Von Squishbosh!
		Blitz	At any rate, I think it's alright for now.
		PC Response	<ol style="list-style-type: none"> 1. "Blitzel Von Squishbosh"? 2. Uh...alright then. 3. Maybe you should change your name...
	[Response to Option 1&3]	Blitz	!!! I-is there a problem with my name!
			I'll have you know, my dear mother granted me this name when I was born!
		Narration	Yeah...that's how names work.
	[Response to Option 2. Continue here from 1&3]	Blitz	A-at any rate, enough of this. We have a water pump to finish!
	Player completes construction of water pump		
		Blitz	At last, Our first water pump is complete.

		Blitz	I cannot thank you enough for all your assistance, friend. Now we can keep the rest of the eggs clean and healthy!
		PC Response	<ol style="list-style-type: none"> 1. What about the egg we've been cleaning? 2. We're making progress!
	[Response to Option 1]	Blitz	That fellow. He is...um..a special case.
		Blitz	My apologies, but I'm afraid that is all I can reveal at the moment.
		Blitz	Or rather, that is all I know. That egg is different from the rest. I believe that is why he resonated with you.
	[Response to Option 2]	Blitz	Indeed! Hydrios will be up and running before you know it!
	[Continue from all options here]	Blitz	It truly is a sight to behold, is it not?
		Blitz	If only Lady Hydrios was here to see it...
		Blitz	...ah, no matter. I'm sure we shall find a way to awaken her soon enough.
		Blitz	At any rate, that's all we need for now, friend. You get yourself some well earned rest. I'll let you know as soon as we need you again!
